

Full Technical Specification

Sl. No	Item Name	Technical Specification
1	Power Supply	Brand: MEAN WELL Model: LRS-200 (5V Version) Product Type: Low-Profile Single-Output Enclosed AC-DC Power Supply Rated Output Power: 200 W Country of Origin: China Country of Manufacturer: China Key Features • Low-profile 1U enclosed power supply design. • Withstands 300 VAC surge input for 5 seconds. • Withstands 5G vibration test. • Operating temperature support up to 70°C. • Cooling by free air convection for the LRS-200 model. • LED indicator for power-on status. • Operating altitude up to 5,000 meters. • 3-year manufacturer warranty. Electrical Specifications • AC Input: 115 / 230 VAC selectable by switch. • DC Output: 5 V, 0-40 A. • Rated Output: 200 W (5 V x 40 A). • Single-output enclosed AC-DC switching power supply. Protection & Reliability • Protection: Short Circuit / Overload / Over Voltage / Over Temperature. • Long MTBF design; LRS series specified at approximately 1,500k-3,300k hours. Physical Specifications • Dimensions: 215 x 115 x 30 mm. • Cooling Method: Free air convection. • Series: LRS Series, 35-600 W low-profile single-output enclosed type.
